## Our Story

Regina Food Bank is honoured to partner with the Health Sciences Association of Saskatchewan (HSAS) for the Cold Weather, Warm Hearts awareness and fundraising campaign. Cold Weather, Warm Hearts is an initiative aimed at increasing donations and support for Regina Food Bank during the cold winter months. This support allows your Food Bank to continue providing healthy, nutritious food choices and program support to children, adults, and seniors who live with food insecurity. HSAS has kick-started the campaign with a \$10,000 donation. This is 30,000 meals that we will help our neighbours who need a hand up.

## Check Your Orders Here!

Health Sciences Association of Saskatchewan is passionate about supporting the work of Regina Food Bank. They're encouraging their members and the community to donate funds they can.

"Hunger and food insecurity is a reality in our community 12 months a year. During this time of year support can often wane while the numbers of those facing food insecurity remain high. Every month the Regina Food Bank provides support to around 10,000 people in our city, 40 per cent of whom are children. The support of HSAS and their membership will help ensure that no one faces hunger alone" said John Bailey, CEO – Regina Food Bank.

FIGHTING HUNGER FEEDING HOPE

[About us](#)[Check Order](#)[Your Account](#)

## Our Stories:

Financial contributions allow the food bank to better respond to those in need. For children who are powerless to provide for themselves, for hard-working moms and dads trying to provide for their family, and for seniors on fixed incomes, being able to access support from food banks make those difficult times a little easier.

The Food Bank is a community powered organization. With no government support we rely on individual, corporate and foundation support to help feed people in need, educate the public about hunger issues and address the root causes of hunger. RFB is a community powered organization. Every single ingredient we provide our clients was sourced through the contributions of community members.

From the can to the truckload – we move food to people where they need it – when they need it.

Your support is critical in our fight to end hunger. For every \$1 you donate you help us secure 3 meals for our neighbors.
